

# Yesoiday HaTorah School

## PE and Sports Funding 2013 – 2015

Report at 27/11/14

### Primary School's Sports Funding

The government is providing funding of 150 million per annum for academic years 2013/14 and 2014/15 to provide new, substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport and will see money going directly to primary school Head teachers to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools. All schools will receive a lump sum of £8,000 plus a premium of £5 per pupil for the next two academic years.

For the academic year 2013/14 Yesoiday HaTorah received £10,665 PE and Sports grant. This was made up of the £8,000 lump sum plus £5 each for the 533 pupils in Year 1 to Year 6 (January 2013 census.) It is expected that the funding for 2014/2015 will be £12,000.

### Purpose of Funding

Schools will have to spend the funding on improving their provision of PE and school sport, but they will have the freedom to choose how they do this.

### How did Yesoiday HaTorah use the funding for the 2013/14 academic year?

Initially a Sport Funding Evaluation was carried out.

The school has three main pitches which are utilised for both playtime and outdoor PE lessons. We have divided these play areas between the different key stages in the school thereby making them more manageable and safer for the children.

During break the boys expend more energy in playing football than any other form of sport. In the summer term they will venture into tennis and cricket. The girls on the other hand diversify and play ball games, skipping, elastic as well as tag.

Outdoor PE lessons were also limited to basic and safe games.

Our aim is to enhance PE and sport provision in the school in order to raise participation and achievement for all pupils.

Our rationale for the use of the Sports Premium Funding was that it would be used so that all children would ultimately benefit, regardless of their sporting abilities. To this aim we have compiled a list of specific areas that we will be developing over the next two years.

- Staff to have access to training opportunities so that they are better equipped to teach high quality PE and sports.
- Encourage and motivate the least active children through new and additional sports activity during the school day, as well as after school activities.

- Introduce competitive sports where children can participate, for example – running sport competition, participation in School Games.
- Bringing in qualified sports coaches to work alongside staff and pupils.
- Developing the outdoor activities element of the PE curriculum, utilising the school's grounds and facilities.
- Purchasing equipment to offer access to new sports and physical activities.

Area	Key Aims	Cost	Development and Outcomes
<p><b>Area 1 Reception Boys Pitch</b></p> <p>We found this area to be uninspiring without colour or facilities to inspire the children. The children had limited equipment to play with at some point there were football nets which many of the children used as a climbing frame. Several attempted to play football, however they're lack of skills and knowledge hindered their play.</p>	<p>After consultation with the EYFS Teachers we came to the conclusion that the Area needed colour and various activities to encourage formal and informal play. As well as teaching aids.</p> <p>Thermoplastic marking designs were drawn up and those chosen were to encourage the children's gross motor skills, co-ordination, agility and role play. As well as to enhance the area.</p>	<p>Thermoplastic markings £2,145</p> <p>Spinner for snakes and ladders £75</p>	<p>The playground markings are now in place and the children are happy and excited to use them.</p> <p>Our next step is to ensure training for all EYFS teachers to encourage the children in developing and achieving their level of physical development and fitness.</p>
<p><b>Area 2 Bottom Pitch (KS2)</b></p> <p>This is the largest pitch and is used primarily by KS2 pupils.</p> <p>Our primary aim for this area was to move away from just a football pitch. With guidance from various teachers we decided that we would divide the pitch into various zones thereby giving the children opportunities to attempt different sports activities.</p>	<p>After consultation with different companies we came up with a multi court, which would incorporate the various sports such as: Football/Basketball/ Tennis and Hockey.</p> <p>Alongside this would be a running track that would be used in Outdoor Games lessons as well as a cricket area for playtime.</p> <p>Alongside this would be the KANDU CHALLENGE: a comprehensive package that delivers a sustainable project of health and wellbeing to every child. Created specifically to meet the demands of OFSTED and the opportunities from the new Sport Premium.</p>	<p>Removal of existing markings £750</p> <p>Multi court and running track £1730</p> <p>The KANDU CHALLENGE Markings and full day training £2627</p>	<p>The children have definitely benefitted from the new layout of the pitch. They have been able to choose from a range of activities during break.</p> <p>We have also allocated days when different classes have priority of playing football. This has encouraged the classes to play other sports and games and develop other skills.</p> <p>The KANDU CHALLENGE delivered: One day multi-skills workshop. Young leader training. Teacher and Teacher Assistant training. Resource and IT package. Termly challenges for class participation.</p>

Area	Key Aims	Cost	Development and Outcomes
<p><b>Area 3 Sports Pitch</b></p> <p>This area was created primarily for encouraging the development of specific sports skills, as well lunchtime sports clubs.</p>	<p>To be used by teachers for structured outdoor PE lessons.</p> <p>To be used at Lunch time for training of various sports.</p> <p>As an area that could be used outside school hours to encourage children to develop a healthy attitude towards exercise and fitness.</p>	<p>Thermoplastic markings. £695</p> <p>Outdoor Tennis Tables, bats and balls. £1742</p> <p>Outdoor activity tables £1815</p> <p>Equipment storage system £118</p> <p>Hockey pucks &amp; Football pump £55</p>	<p>BOUNCE- an exciting out of school hours boy's programme was launched in January 2014. The children played cricket, football, basketball, table tennis and tennis, under the supervision and guidance of a sports coach. There was a good response and therefore it has continued and is held every Sunday.</p> <p>The children of KS2 have been going into the pitch during lunch time break under the guidance of a trained TA and are taught skills to develop their abilities. They also have mini competitions of Table Tennis.</p> <p>During the summer term the pitch was well utilised by classes for outdoor PE lessons.</p>
<p><b>Area 4 Top Pitch</b></p>	<p>We hope to divide this pitch into zones.</p> <p>One area will be a quiet corner, which could also be used for learning by classes.</p> <p>Another area will be an active trail to encourage movement and co-ordination.</p> <p>The rest of the pitch will be available for football/basketball/active play.</p>	<p>We are awaiting plans and cost from various companies.</p>	<p>We have had to wait for the completion of the building work before going ahead with this project.</p>

## 2014/15 Funding: Focus on the professional development of the teaching staff

This year 2014/2015 we hope to focus on the professional development of the staff. One of the key strands of the sport funding is to develop the skills of our school staff so that the quality of PE and sport that is delivered will be enhanced. We are looking to bring in qualified sports coaches who will work alongside the staff to deliver lessons and support planning and delivery of PE. Working in this way teacher confidence and expertise will develop and the school will benefit from high quality planning resource materials.

### Funding Summary

	2013-2014	2014-15
Government Grant	£10,665	£12,000
Additional Private Donation	£1,087	£913
Total Funding	£11,752	£12,913
Permanent Sports Markings/Facilities	55%	30% expected
Sports Resources	15%	15% expected
Sports Training	30%	55% expected
